Required Academic Aptitude Tests for KU Colleges 2024/2025

Admission to Kuwait University is based on ``equivalent grade-point average" that is calculated using secondary school percentage and aptitude test results. Equivalent grade-point average is used in most of Kuwait University colleges except for majors belonging to the College of science and college of Law.

The table below shows the required tests and weights needed to calculate applicant equivalent grade-point average to compete for seats at the various colleges.
